This website uses cookies. We use cookies to personalise content and ads, to provide social media features and to analyse our traffic. We also share information about your use of our site with our social media, advertising and analytics partners who may combine it with other information that you've provided to them or that they've collected from your use of their services.

Cookies are small text files that can be used by websites to make a user's experience more efficient.

The law states that we can store cookies on your device if they are strictly necessary for the operation of this site. For all other types of cookies we need your permission.

This site uses different types of cookies. Some cookies are placed by third party services that appear on our pages.

What is a Cookie

Cookies are small data files. When you visit a website, the website sends the cookie to your computer. Your computer stores it in a file located inside your web browser.

Cookies do not transfer viruses or malware to your computer. Because the data in a cookie does not change when it travels back and forth, it has no way to affect how your computer runs, but they act more like logs (i.e. they record user activity and remember stateful information) and they get updated every time you visit a website.

We may obtain information about you by accessing cookies, sent by our website. Different types of cookies keep track of different activities. For example, session cookies are used only when a person is actively navigating a website. Once you leave the website, the session cookie disappears. For a more detailed list of cookies we use, please read the relevant section below.

Why are Cookies Useful?

We use functional cookies to analyse how visitors use our website, as well as track and improve our website's performance and function. This allows us to provide a high-quality customer experience by quickly identifying and fixing any issues that may arise. For example, we might use cookies to keep track of which website pages are most popular and which method of linking between website pages is most effective. The latter also helps us to track if you were referred to us by another website and improve our future advertising campaigns.

Another use of cookies is to store your log in sessions, meaning that when you log in to the Members Area to deposit funds, a "session cookie" is set so that the website remembers that you have already logged in. If the website did not set this cookie, you will be asked for your login and password on each new page as you progress through the funding process.

In addition, functional cookies, for example, are used to allow us to remember your preferences and identify you as a user, ensure your information is secure and operate more reliably and efficiently. For example, cookies save you the trouble of typing in your username every time you access our trading platform, and recall your preferences, such as which language you wish to see when you log in.

Overview of some of the features that cookies provide to us

- Verifying your identity and detecting the country you are currently visiting from
- Checking browser type and device
- Tracking which site the user was referred from
- Allowing third parties to customize content accordingly

What Kind of Cookies We Use

Session cookies

These cookies are temporary cookies as they are deleted as soon as you close your browser. Session cookies are used to retain the information you provide us with as you navigate through each section of our website.

You can choose to decline session cookies via your browser's privacy settings but please note that this may have a negative impact on your browsing experience and particularly if these are declined across all websites.

Analytical cookies

Analytical cookies may include both temporary and more persistent cookies that we use to track how you use our website and for how long. Analytical cookies do not divulge any identifying information specific to your person but they do help us improve how we provide you with our content.

Refer to your browser's privacy settings on how you can opt-out of analytical cookies.

Functional cookies

Functional cookies record and save your choices in order to provide for a more seamless experience across our website. One-way functional cookies do this is by remembering your language selection each time you visit us.

Refer to your browser's urgent privacy settings on how you can opt-out of functional cookies.

Third Party cookies

These cookies are used by third parties and mostly by social media websites like Google+, Facebook or YouTube. Third Party cookies allow us to offer you easy ways to share our content throughout your social media and also present you with the videos we post on YouTube.

You can disable the use of these cookies through your browser's privacy settings but please do note that this will also disable all the functions described above.

Manage Cookies

You can delete cookies any time you want by using the settings in your web browser. You can also choose to disable cookies from your web browser, but this would mean that our website and other websites may not function properly if you do this, and as a result you may not be able to sign in.
